Code of Conduct

1. Members are expected to conduct themselves both on and off the field in a manner that will bring credit to the club. Courtesy and politeness must be shown to the general public, club members and members of visiting clubs.

2. Members shall not dispute umpires decisions or act in an obviously provocative or disapproving manner towards an umpire at any time.

3. Members are expected both before, during and after games to assist with general duties associated with the ground, i.e. moving sightscreens, boundary markers and enclosures etc.

4. Members must leave the club in a manner that will not cause disturbance to the local residents.

5. Members are expected to support fundraising and social events throughout the year, and to socialise with the opposition after all matches.

6. Members are expected to support all the clubs teams by attending any important matches, i.e. cup semi finals and finals for both adult and colts teams.

7. Members must wear full whites (preferably club kit) with white footwear for all matches. At net practices white cricket clothing must be worn from the waist upwards.

8. For Home games players shall be on the ground at least 1 hour prior to the scheduled commencement of play. For away matches players shall arrive at the club no later than the pre-arranged meeting time, or, if going direct to the away ground, shall be on that ground at least 30 minutes prior to the scheduled commencement of play.

9. Members are expected to bring along their appropriate match fees to each game and to pay them to the captain or designated match fee collector of the day before leaving the ground. The club will not accept debts as this causes extra work for the committee to chase up outstanding fees. Money must be borrowed from another player if forgotten. The Club will not become a "Money Lender".
